

LINK App for Lawyers

Your DMS, Email, SharePoint, & Intranet in One Encrypted App

LINK – Easy Document Workflows

- Access docs in iManage®, NetDocuments, Worldox, SharePoint, OneDrive for Business, & network file shares
- Advanced doc search
- Check-out & check-in docs
- File-to DMS and to Outlook folders
- Edit with Office for iOS when using OneDrive for Business
- Save docs within LINK for secure offline access

LINK Email - Designed for Lawyers

- With LINK Email view attachments including NRLs and redlines
- From iOS Email, view NRL attachments including redlines - **NEW**
- Compose an Email, attach a doc from iManage, NetDocuments, Worldox, SharePoint, OneDrive for Business, or network file shares
- Filter for emails that are: unread, high priority, from the same sender
- View your Outlook calendar, create new meetings, and check free-busy schedule

Key Features

- View docs attached to Email - including NRL attachments
- Send & File-to DMS or Outlook
- Full DMS search
- Documents from DMS are fully contained - no document leakage to the native device

“Our attorneys need to be able to view attachments to Email docs and File-to DMS from their smartphones and tablets. Now they can.”

- CIO, Law Firm

LINK by Mobile Helix

LINK is a secure container app that isolates firm documents and applications from personal content. LINK may be remotely wiped by IT.

LINK is deployed on-premises, where it is installed on Virtual Machines. Licensing is simple and predictable - per user per year. Legal teams get immediate results and ROI in the first month.

Try LINK with our free, 30-day trial. To get started please visit www.mobilehelix.com/try-link.
