

Link SharePoint

link

Your SharePoint portal on your tablet or smartphone

Link is a single, secure app with all of your work applications and files.

Quick access to your SharePoint resources

- Use your SharePoint portal as-is; there is no need for coding
- Familiar desktop browser view & navigation
- Interactive calendars
- View documents & save for offline viewing later
- Edit documents securely
- Role-based user access to resources
- Simple connectivity using HTTPS - no VPN is used
- Integration with SharePoint 2010 and 2013

Key Features

- Access your SharePoint portal including third-party portals, e.g., Handshake
- Touch-enabled
- Your calendars, landing pages, libraries and lists
- Plus, your email, contacts, calendar and DMS

“Our SharePoint portal includes client-matter billing, business intelligence, marketing and office information. With the effort that we’ve put into our portal, it’s great to be able to use it from mobile devices.”

- SharePoint Architect

Mobile Helix Link

LINK is a secure container app that isolates firm documents and applications from personal content. LINK may be remotely wiped by IT.

LINK is deployed on-premises, where it is installed on Virtual Machines. Licensing is simple and predictable - per user per year. Legal teams get immediate results and ROI in the first month.

Try LINK with our free, 30-day trial. To get started please visit www.mobilehelix.com/try-link.

Mobile Helix, Inc.
