New York, NY, and Las Vegas, NV – August 27, 2015 – Mobile Helix Demonstrates New LINK Mobile App Productivity Features for Lawyers at ILTACON 2015

Mobile Helix, a pioneer in encrypted mobile solutions for lawyers, announced today that it will unveil the latest features of its LINK mobile app at ILTACON 2015. LINK is a single secure app which enables lawyers to work with DMS, NetDocuments, Outlook, SharePoint, and the firm intranet from smartphones and tablets.

Mobile Helix will demonstrate LINK's new line-up of features which no other single app offers including: viewable NRL attachments; Send-and-File-to DMS; secure document edit; and search of all repositories, including DMS.

"Lawyers are document-centric. Lawyers need to be able to work with documents even when they are out of the office," said Seth Hallem, CEO and co-founder of Mobile Helix. "Our LINK mobile app has a unique set of capabilities which make it easy to work with documents from mobile devices, such as viewing NRL attachments and filing to DMS."

Mobile Helix will demonstrate the new LINK features in booth 621 at ILTACON 2015 and will present a Solutions Spotlight entitled, "DMS & SharePoint – Mobile Productivity is Easier than You Think," on Wednesday, September 2, 2015, at 3:30 pm at ILTACON.

About Mobile Helix

Mobile Helix®, Inc. (www.mobilehelix.com) provides software solutions which enable lawyers to be productive from smartphones and tablets. The LINK™ system integrates DMS, NetDocuments, Outlook, network file shares, SharePoint, and the firm intranet in a single encrypted app. Mobile Helix solutions deliver the high level of security required by clients in regulated industries yet are lightweight and affordable to deploy.
