Key Workflows

- Annotate or edit an attachment to email; check-in to DMS; email
- Compare an attachment to a document in DMS; annotate; email to next person
- Compare two documents in DMS; email redlined & clean copies
- Check-out & edit a Word document; check-in new version; email as an NRL, .docx, or PDF

“...this annotation capability in LINK is great, as I can just annotate directly and save without having to jump between apps”

- Happy attorney at Am Law 100 firm

LINK by Mobile Helix

LINK is a secure container app that isolates firm documents and applications from personal content. LINK may be remotely wiped by IT.

LINK is deployed on-premises, where it is installed on Virtual Machines. Licensing is simple and predictable - per user per year. Legal teams get immediate results and ROI in the first month.

Try LINK with our free, 30-day trial. To get started please visit: www.mobilehelix.com/try-link.
