

## Encrypted Mobile App for Attorneys

## Annotate, edit, compare, and email documents

### LINK - Work with Documents

- Access documents in iManage Work®, NetDocuments, eDocs, OneDrive, & network file shares
- Split-screen: work in two screens with multiple live tabs
- High fidelity document viewer with document search, go-to page, index, bookmarks, thumbnails, & split screen mode
- In-app annotation includes all popular mark-up features
- In-app document comparison
- Edit securely with the MSFT Word & Office apps
- Email documents as DMS links, Office format, or PDF format
- Full DMS search plus quick look-up
- Check documents into & out of DMS
- Save files for encrypted offline access

### LINK Email

- Open DMS links in email & view, including redlines
- Send-and-File to DMS or Outlook folders
- Use LINK Predictive Filing to DMS folders
- Import an attachment into DMS

### Key Workflows

- Annotate a file then check-in to DMS or email
- Compare files, annotate, & email
- Check-out a file, edit with the Word app, then check-in
- Predictive & multiple email filing to DMS or Outlook folders

“...the annotation capability in LINK is great, as I can just annotate directly and save without having to jump between apps”

- Happy attorney at Am Law 100 firm

LINK by Mobile Helix

LINK is a secure container app that isolates firm documents and applications from personal content. LINK may be remotely wiped by IT.

LINK is deployed on-premises, where it is installed on Virtual Machines. Licensing is simple and predictable - per user per year. Legal teams get immediate results and ROI in the first month.

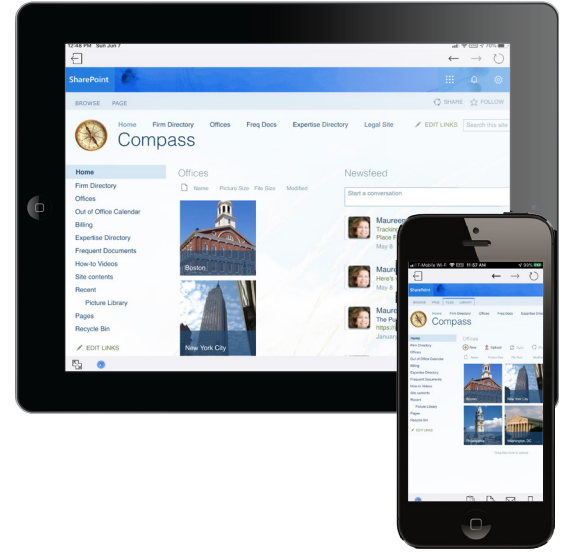

Try LINK with our free, 30-day trial. To get started please visit: [www.mobilehelix.com/try-link](http://www.mobilehelix.com/try-link).

Mobile Helix, Inc.
